Six-Month Advance Notice to Transfer a Non-Residential Account to Direct Access Service

This completed form notifies Southern California Edison (SCE) of your intent to transfer your non-residential account(s) to Direct Access (DA) service. SCE must receive this notice at least six months in advance of the date you intend to transfer to DA. Once received by SCE, you will 1) have a three business-day rescission period after which this notification cannot be canceled, and 2) receive confirmation of your notice to transfer to DA in accordance with the provisions established in Rule 22.1. The confirmation will specify the date that your Electric Service Provider (ESP) must submit a Direct Access Service Request (DASR) to SCE in order to transfer your account(s). This is important information that you will need to provide to your ESP to complete your request. This date is significant because if SCE does not receive a DASR by that date, if you are a Bundled Service customer, then your Bundled Service account will be transferred to Schedule PC-TBS, Procurement Charge – Transitional Bundled Service, for sixty (60) days. Unless a DASR is received by SCE by the end of this sixty-day period, the six (6) month advance notice to return to DA will be canceled and the account will no longer be eligible for DA service. The account will continue to bill on the Schedule PC-TBS for an additional six (6) months, after which it will begin bundled service for an eighteen (18) month BPS commitment term. Service on Schedule PC-TBS will not count toward the 18 month BPS commitment, consistent with Rule 22.1. If you are a CCA Customer, and SCE does not receive a DASR from you by the specify date, then this notice will be canceled, and you will continue to take service from your CCA.
