**NOTICE OF EVIDENTIARY HEARINGS REGARDING PROPOSED RATE CHANGES
IN SOUTHERN CALIFORNIA EDISON'S 2015 GENERAL RATE CASE PHASE 2**

APPLICATION (A.) 14-06-014

PROPOSAL TO CHANGE ELECTRIC RATES

**Tuesday, November 3, 2015, and Thursday, November 19, 2015,
10:00 A.M.
CPUC Hearing Room, 505 Van Ness Avenue
San Francisco, CA 94102**

The California Public Utilities Commission (CPUC) will hold Evidentiary Hearings (EHs) at the dates, times and location shown above regarding proposed rate changes in the application of Southern California Edison Company (SCE) to establish marginal costs, assign revenues, and design rates.

Any changes to the dates, times, and locations of the EHs will be posted to the CPUC's Daily Calendar, which is accessible on the CPUC website at www.cpuc.ca.gov. The hearing location is wheelchair accessible. Any participant needing a language or Sign interpreter, or other special assistance, should contact the CPUC's Public Advisor's Office (PAO) at the address listed at the bottom of this notice at least five business days in advance of the hearing date.

INFORMATION ABOUT SCE'S PROPOSAL

On June 20, 2014, SCE submitted a proposal to the CPUC for approval of revised rates in a proceeding that is referred to as Phase 2 of SCE's 2015 General Rate Case (GRC). The proposal will not increase or decrease overall revenues collected from SCE's customers. This phase will determine the rate design for SCE customers, and how SCE's revenues will be divided among its customers. The rate design the Commission adopts in the Phase 2 proceeding will incorporate the revenue changes determined in Phase 1 and other proceedings.

Phase 1 is a separate proceeding and will address SCE's GRC proposed changes.

Phase 2 is its own proceeding and will address how to divide the utility's entire revenue requirement amongst its customers.

Issues in this proceeding will be addressed in settlement agreements and are subject to comments by the parties and CPUC approval. The EHs will provide an opportunity for the assigned Administrative Law Judge (Judge) and other parties to ask questions about the settlement agreements. If approved, the settlement agreements will modify the amount of revenue assigned to each customer class (residential, small commercial, large and medium business, streetlight, and agricultural classes). The changes are intended to better align rates with SCE's cost of service to different classes of customers.

EVIDENTIARY HEARINGS

At these EHs the Judge will receive the testimony of representatives from SCE, as well as consumer advocacy groups, and all other parties to this proceeding. These hearings are open to the public, but only those who are parties to the proceeding may present evidence, testimony, and be subject to cross-examination. The hearings and documents submitted during the proceeding become part of the formal record the Judge relies upon in writing a proposed decision to present to the Commissioners for their consideration.

After considering all proposals and evidence presented during the formal hearing process, the assigned Judge will issue a proposed decision which may adopt the settlement agreements, modify them, or deny them. Any CPUC Commissioner may sponsor an alternate decision. The proposed decision, and any alternate decisions, will be discussed and voted upon at a scheduled CPUC Voting Meeting.

As a party of record, the Office of Ratepayer Advocates (ORA) has reviewed SCE's Application. ORA is the independent consumer advocate within the CPUC with a legislative mandate to represent investor-owned utility customers to obtain the lowest possible rate for service consistent with reliable and safe service levels. ORA has a multi-disciplinary staff with expertise in economics, finance, accounting and engineering. For more information about ORA, please call (415) 703-1584, e-mail ora@cpuc.ca.gov, or visit ORA's website at www.ora.ca.gov.
