

# ***Kaweah Project*** ***(FERC Project No. 298)***

## **Welcome**

June 9, 2015

# Kaweah Project

## Relicensing Process Goals

- Meet all Regulatory Requirements and Deadlines
- Engage Stakeholders in an Open and Transparent Forum
- Provide Timely and Relevant Information to Facilitate Development of New License Conditions
- Protect Generation Assets while Providing Resource Protection/Enhancement
- Include Stakeholder-approved New License Conditions in the Application

# Kaweah Project

## Key Success Factors

- Mutual Understanding of the Interests of all Stakeholders
- Knowledge of the Relicensing Process and Key Milestones
- Early Distribution of Information on Kaweah Project Facilities, Operations, and Maintenance Activities
- Early Identification of Potential Resource Issues and Agency Management Objectives

# Kaweah Project

## Key Success Factors

- Timely Distribution of Materials
- Open and Transparent Development and Sharing of Information
- Creative Resolution of Potential Issues
- Mutual Respect Between the Participants
- Well-planned Meetings that Make Efficient Use of Time
