

# RTP Courtesy Alerts Activation Application

To assist you with reaching your energy management goals, customers participating in Southern California Edison’s (SCE) Real Time Pricing rate schedule may receive RTP Courtesy Alerts by email with estimated hourly price per kWh (based on voltage) for the following day. RTP Courtesy Alerts will identify the hours in which your price or temperature threshold is expected to be met so you can adjust your energy consumption accordingly. One or more of your service accounts must be enrolled in the Real Time Pricing (RTP-2) or Pumping & Agricultural-Real Time Pricing (PA-RTP) rate schedule to receive RTP Courtesy Alerts.

**Please complete the following enrollment form to activate your personalized RTP Courtesy Alerts.**
